

How to buy

1、 Visit official website of Apollon Foundation (<https://www.apollon-foundation.org>) and click "GET TOKEN".

2、 Register a new account by following the instructions and confirmation email will be sent to your email box.

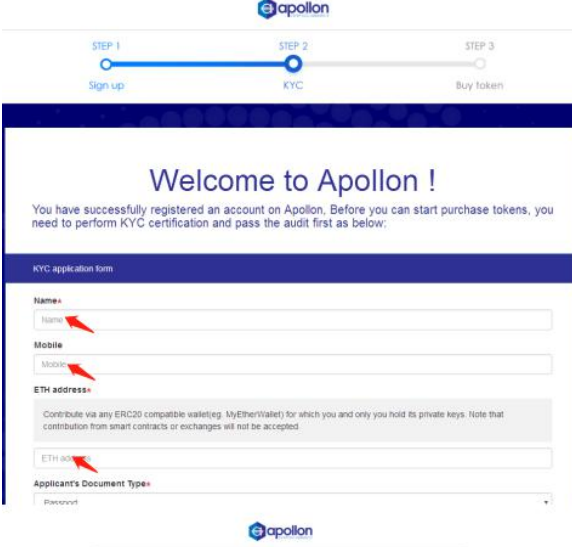

3、 Log in to the mailbox and click "Activate account" button to activate the account as below:

If you can not receive the email, please send an email to our support team

adm@apollon-foundation.org

4、 Apollon requires all the buyers pass KYC certification first. Please fill in the required information and submit.

5、 Enter “User Center” to view KYC status, the KYC audit progress will take up to 3 business days. After KYC passed, you should be able to see the ETH and BTC address assigned to you, then you can start to transfer BTC or ETH to your according address. (the cumulative total of apo purchases must not be less than 1000 US dollars, otherwise the purchase is invalid)

	<p>To send ETH, you can use any private or exchange wallet. Your personal APO Token Sale ETH receiving wallet:</p>	
<p>1 ETH ≈ 421.61 APO</p>	<p>0x483736cfe4a503a69e13875262d62749150f27</p>	<p>ETH address</p>
	<p>To send BTC, you can use any private or exchange wallet. Your personal APO Token Sale ETH receiving wallet:</p>	
<p>1 BTC ≈ 7679.44 APO</p>	<p>2N1f8tpppJ4Pr08VvzEeXbVfBrz9Amhncf</p>	<p>BTC address</p>

6. When the transfer is confirmed, you should be able to see APO tokens in your balance and you can also check the transaction history.
